

## **THE BEST TEACHER IN MY LIFE**

A teacher is one who instills in the learner an inspiration to learn and to be good. Among all the teachers who taught me, I was greatly inspired by my higher secondary Accountancy teacher, Mrs. Rosalin mam. Before choosing the group in 11th, I was given an opportunity to attend demo classes that is when I met Rosalin mam and realised that the wordings by Albert Einstein "It is the supreme art of a teacher to awaken joy in creative expression and knowledge" were true. She taught us with great patience and helped me to discover my desire in accountancy.

I joined the Commerce group. Her Accountancy classes were my favourite, I would be extremely happy when I tally up the balance sheet. I was one of her favourite students in our batch. She would be friendly and guides every student. The confidence she had on me to score an centum in accountancy was more than I had on myself. She pushed me beyond limits, rectified all my mistakes and teach me the best. She signed me up for commerce olympiad and made me win a silver medal. I have never seen a teacher so dedicated, during pandemic there were online classes in which she would prepare PPTs and start the classes at 8 am so that everyone can understand and not just read the book and while away the time.

I secured marks of range 95-97 in my pre board examinations despite attending online classes. The subject I have scored the most highest mark till now is accountancy. I am glad and proud to be a student of such a fantastic teacher. I feel elated on this opportunity to write about the best teacher in my life and pay my gratitude.
